ADMINISTRATIVE COMMUNICATIONS

City Manager:

City Manager Poczobut introduced Robert Williams, Managing Director, RBC Capital Markets via teleconference to give a presentation on the Statewide Community Infrastructure Program (SCIP). Mr. Williams explained that SCIP is a financing program that enables developers to pay most impact fees and finance public improvements through an acquisition agreement that qualify under the 1913/1915 Act (excluding school fees) via tax-exempt bond issuance proceeds. Most local agencies require developers to pay impact fees prior to obtaining a permit, SCIP can be used to directly prepay these fees or alternatively, to reimburse the developer after fee payment. The minimum amount of funding is approximately \$250,000. Mr. Williams stated to participate in the program the City would need to become a member of SCIP and pass a resolution approving the program; there is no cost to join the program. Discussion by Council followed to consider joining the SCIP program. City Manager Poczobut advised the Economic Development Commission recommends the City of Orland participate in the program.

Councilmember Hoffman moved, seconded by Councilmember Roundy to give direction to staff to proceed with the process to become a member of SCIP. Motion carried 4 -1, with Councilmember Elliott voting no, and no abstentions.

City Manager Poczobut brought forward request to consider proposals for a National Environmental protection Act (NEPA) and California Environmental Quality Act (CEQA) reports to be completed in the undergrounding of Lateral 40 and crossing of Papst Avenue; and a request to consider License Agreement application to the Bureau of Reclamation.

Both Mayor Paschall and Councilmember Gee advised due to a conflict they would abstain on the above matter.

The proposed project would allow the City two options on the undergrounding of Lateral 40 and Papst crossing. The first is to underground approximately 25 feet beyond the Papst crossing; the second is to underground Lateral 40 all the way to Lateral 50. Estimates for the shorter version are approximately \$605,929.30 and the longer version is estimated to be \$794,848. City Manager Poczobut advised NEPA and CEQA take approximately six months to complete and even if the City does not receive the grant, having the environmental complete would make the project shovel ready and possibly enhance the opportunity for the grant. The purpose of the undergrounding is a safety issue, as it would allow another entrance/exit at Papst Avenue. Council discussion followed.

Councilmember Hoffman moved, seconded by Councilmember Roundy to authorize staff to prepare a Request for Proposals for the NEPA and CEQA documents. Motion carried 3-0 with two abstentions.

Councilmember Hoffman moved, seconded by Councilmember Roundy to authorize staff to submit a License Agreement application to the Bureau of Reclamation via the Orland Unit Water Users Association to commence the lead time for SHPO review. Motion carried 3-0 with two abstentions.

City Manager Poczobut advised the RFP will be released tomorrow; with a deadline of July 12th, 2011 deadline.

City Attorney Andrews advised he chose to conduct his evaluation in open session. City Attorney Andrews stated he weathered many storms and successes during the past 17 years as legal counsel. However, at this time, City Attorney Andrews gave Council a 30 day notice to end his contract.
