PUBLIC HEARING – Conduct a Public Hearing to provide input regarding Unmet Transit Needs – Mardy Thomas, Glenn County Transportation Commission

Mr. Thomas, acting executive director for the Transportation Commission, stated the Glenn County Transportation Commission is required to hold a minimum of one public hearing to receive comments from the public on unmet transit needs that may exist.

Mayor Hoffman opened the Public Hearing at 6:36 pm.

Shirley Gee, Orland resident, shared her concerns and experience she had about a year ago after signing up for Glenn Transportation services when her husband needed to get to doctors' appointments. Ms. Gee stated she hopes the County can find a better way to explain and share services that are offered when it comes to transportation to help the community needs, especially for the elderly population.

Vice Mayor Tolley expressed the need for transportation services in the Orland area and thanked Ms. Gee for her comments. Vice Mayor Tolley stated he has also heard from constituents with similar frustrations about the Glenn Transportation services.

ADMINISTRATIVE BUSINESS

A. Verbal Update on Drought Conditions and Water Supply Project - Pete Carr, City Manager

City Manager Pete Carr provided an update on reported dry wells, stating there are currently a total 36 wells reported this year being affected, 25 of those are completely dry. Mr. Carr stated the municipal wells continue to be stable and monitored weekly.

Mr. Carr reminded Council that 168 parcels are on the list to connect to City water through the Department of Water Resources (DWR) project, 34 of those parcels are within City limits and the City has already completed five of those connections. Mr. Carr shared as of Monday the City had received the necessary information from the engineers needed to allow for homeowners to review and sign the water connection packets. City Clerk Jennifer Schmitke will be getting the first ten applicant packets out by the end of the week.

B. Proposed Library Realignment (Discussion/Direction) – Pete Carr, City Manager and Jody Meza, Library Director

Mr. Carr and Library Director Jody Meza presented to Council a concept that the City of Orland, City of Willows, and Glenn County are working on regarding a potential library realignment. The City of Orland, City of Willows and Glenn County staff agree it would make more sense at this time to realign responsibilities for the libraries such that the Orland Librarian would continue to supervise the operations of Orland, Willows, and the outlying branches (Bayliss, Elk Creek and adding in the Hamilton City library) and for the employees at those branches (other that Willows) to become City of Orland employees.

Director Meza answered questions and discussed concerns some Council members had about realignment. Mr. Carr shared that he would bring the topic back to Council within the next few months with more information and an actionable MOU.

C. Fiscal Year 2022-23 Budget Adoption: General Fund by Department – Pete Carr, City Manager

Mr. Carr presented the fifth and completed proposed draft budget to Council for the next fiscal year 2022-2023 which starts July 1. Mr. Carr briefly explained the changes that were made to the budget including updates to the major projects and capital outlays listing, deferral of purchase of Building Department vehicle for expenditure reduction of \$50k and a revised fleet maintenance expenditure page to reflect adjustments to FY22 projections. Mr. Carr stated that with the updates and changes the General Fund, Measure A and overall budget are still balanced and expenditures for General Fund are reduced by net \$40k. Water and sewer funds continue to project surpluses.

Council asked questions and discussed budget items but did not direct staff to make any more changes.

Action: Councilmember Roundy moved, seconded by Councilmember Irvin to adopt the proposed budget as presented for fiscal year 2022-2023. The motion carried by a roll call vote 5-0.

D. Orland Emergency Groundwater Resource Project Contract with DWR (Discussion/Action) – Pete Carr, City Manager

Mr. Carr presented to Council the Orland Emergency Groundwater Resource Project Contract with the Department of Water Resources (DWR). The agreement documents the project scope, sets the budget, and delineates responsibilities between City and State. City Staff has reviewed and negotiated the project scope, work tasks, construction standards, deliverables, terms of reimbursement, legal siderails, and share of budget between the City and DWR's project engineer. Key points include:

- Project funding of \$16,713,400
- Payable to Orland \$14,241,400
- · Construction of a well, storage tank and booster pump for the City
- Connection of 34 houses in the City and approximately 134 outside the City

Mr. Carr stated that City staff including himself, the City Attorney, City Engineer, and Public Works Director have all reviewed the proposed agreement and recommend that the City Council approve the contract as presented.

Action: Councilmember Dobbs moved, seconded by Vice Mayor Tolley to approve the proposed agreement with DWR, authorize the City Manager to execute it and proceed with the project. The motion carried by a roll call vote 5-0.

Annual Assessment for Glenn County Solid Waste Operations

(Action)

City Council is asked to approve the authorization for an annual property tax assessment to support operations of the Glenn County transfer station and associated operations.

BACKGROUND

In addition to per-customer curbside collection fees and per-ton tipping fees, the solid waste disposal and recycling service is supported by an ongoing annual property tax assessment and guided by a joint powers agreement (JPA). All three jurisdictions (County, Willows, Orland) participate on the same basis. Councilmembers Hoffman and Irvin serve on the JPA board.

DISCUSSION

The tax assessment proposed for approval by Resolution remains the same rate as last year: \$42.74 on each dwelling unit and commercial / industrial establishment. Revenue from funds collected is utilized for landfill operations and closure.

Attachment: Resolution 2022-15 consenting to the extension of service charges imposed on improved real property for the use of the Glenn County Solid Waste System.

RECOMMENDATION:

Approve annual assessment for the solid waste system by adoption of proposed resolution 2022-15.

Fiscal Impact of recommendation:

None.

CITY COUNCIL AGENDA ITEM #: 5.D.

MEETING DATE: June 21, 2022

To: Honorable Mayor and Council

From: Paul W. Rabo, City Engineer

Subject: Annual Review and Possible Adjustment to Maintenance District Assessments (Action)

Background:

An annual review of maintenance district assessments was conducted by staff, and it was determined that a slight increase in these assessments is warranted due to rising costs of products and materials used to perform the operations and maintenance of each district. Under Section 12.16.260 of the Orland Municipal Code, these increases shall be based exclusively on the percentage increase during such period of time in the Consumer Price Index published by the Federal Bureau of Labor Statistics. Staff recommends an increase of 4.0% to assessment fees for fiscal year 2022-2023.

Requested Action:

Authorize Mayor to sign Resolution 2021-XX for submittal to the Glenn County Auditor.

Fiscal Impact:

Approximately \$92,417.32 is received from the Maintenance District Assessments and offsets the cost of work specified in the District Agreements.

Attachments:

- 2. Orland Assessment District Map

Approved by City Manager:

WHEREAS, Orland Municipal Code Section 12.16.280 requires the preparation of an annual register of maintenance district assessments be filed with the Glenn County Auditor.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Orland, as follows:

We have historically maintained our hourly rates for municipal clients approximately 10% below our rates for non-municipal clients. With increases in auto, health, professional liability and workers' compensation insurance, the differential has increased significantly. To remain a viable business, we must keep our municipal rates reasonably close to our non-municipal rates. To maintain an approximate 12-18% rate preference, we request approval of an increase in our hourly rates for services as listed below to become effective July 1, 2022. For your information, we also show our standard hourly rates; which are currently charged to our non-municipal clients.

Personnel Classification	Current City of Orland Rate	Proposed City of Orland Rate	Current Standard Rate

As you know, most of our services are related to self-supporting enterprise activities or to projects for which fees are collected. The proposed rates are well within the normal rate for engineering services in this area. We also wish to remind you that we make no additional charge for vehicle use, telephone calls, normal supplies, survey equipment, or for attendance at one regular City Council meeting per month.

CITY OF ORLAND Staff Report

TO:

City of Orland City Council

FROM:

Peter Carr, City Manager

Scott Friend, AICP - City Planner

MEETING DATE:

June 21, 2022; 6:30 p.m., Carnegie Center, 912 Third Street, Orland, CA

95963

SUBJECT:

Proposed annexation and prezoning of six (6) total parcels with the M-LLimited Industrial and PF – Public Facility zoning districts: A City-initiated project, as requested and directed by Glenn County Local Agency Formation Commission (LAFCO), to annex a total of six (6) parcels into the City of Orland and to establish City zoning (prezoning) on the parcels. The City proposes to prezone the four (4) privately owned parcels with the M-L – Limited Industrial zoning district consistent with the City's existing General Plan land use designation of I-L/C – Light Industrial/Commercial, and, to prezone the two (2) publicly owned parcels with the PF – Public Facility zoning district consistent with their existing use as roadway or right-of-way (for Interstate-5). The six (6) parcels are currently located in the unincorporated portion of the County of Glenn.

The four (4) privately owned parcels are designated and zoned SC - Service Commercial by the County. The County does not implement General Plan or Zoning on publicly owned (State of California) parcels. The publicly owned parcels are owned by the State of California and are developed and utilized as part of the right-of-way or travel-way for Interstate-5.

Environmental Review: The Planning Commission recommends that the City Council determine that the project is *exempt* from further review under the California Environmental Quality Act (CEQA) pursuant to Section 15305, *Minor Alterations to Land Use Limitations* as the affected parcels have slopes of less than twenty (20) percent, the action would not affect the existing land uses on the parcels, and the potential impacts of development have been previously considered by the City's certified Environmental Impact Report (EIR) prepared at the time of the adoption of the City's General Plan.

Planning Commission Action/Recommendation:

The Planning Commission held a noticed public hearing on this matter at a special meeting of the Planning Commission on Thursday, June 9, 2022 and is recommending that the City Council approve an Ordinance assigning City of Orland zoning (prezoning) to the parcels consisting of the *M-L*, *Limited Industrial* and *PF – Public Facilities* zoning designations consistent with the City of Orland General Plan/Zoning Compatibility table (Table 2-6).

The Planning Commission is also recommending that the City Council approve a Resolution of Intent to annex the properties as herein described.

Background:

The Glenn County Local Agency Formation Commission (LAFCO) has directed, and is requiring, the annexation of six (6) parcels into the City of Orland. This directive was given, and requirement made as a condition of approval placed on a prior un-related annexation involving property for the now approved Orland Sunny Truck Wash and Service Center project.

At the time of the approval of the annexation and incorporation of the previously parcels that were a part of the Orland Sunny Truck Wash and Service Center project (located on the west side of County Road HH/Commerce Lane, south of County Road 13 and north of County Road 14), LAFCo required, via their conditions of approval on that project, that the City of Orland to initiate the annexation of six (6) existing parcels totaling approximately 17.56 acres located east of County Road HH/Commerce Lane, between Ide Street to the north and County Road 14 to the south, and, located west of the existing City Limits on the east side of Interstate 5. This action is the formal action and process to annex these parcels (parcels directed to be annexed by the Glenn LAFCO).

Two (2) of the parcels proposed for annexation are owned by the State of California and consist of lands developed for and operated by the California Department of Transportation (Caltrans) as State-owned roadway right-of-way (see **Attachment A – Proposed Annexation Area**). The four privately owned parcels are currently developed with a combination of single-family dwellings, commercial/industrial businesses and/or are used for pasturage for animals. With annexation of the six (6) parcels into to the City of Orland, the area of unincorporated land identified by the Glenn LAFCO as an undesirable "peninsula" will be eliminated.

Summary:

The City of Orland proposes to annex and prezone a total of six (6) parcels (four privately owned and two publicly owned) into the City of Orland as previously described. This staff report and its corresponding resolution and ordinance (Annex #2022-01 and PZ #2021-01) are presented for the purposes of annexing and prezoning the affected parcels as directed.

The four (4) privately owned parcels are currently designated on the County General Plan and zoned SC-Service Commercial by Glenn County. The publicly owned parcels are owned by the State of California and managed by the Department of Transportation (Caltrans) and are developed and used as roadway right-of-way for Interstate 5. The two (2) publicly owned parcels possess no County land use designation or zoning. The City proposes to prezone the four (4) privately owned parcels with the City of Orland M-L-Limited Industrial zoning and the two (2) State owned parcel with the PF-Public Facility zoning to establish consistency with the City's General Plan land use designation of I-LC-Light Industrial/Commercial designation.

The six (6) parcels total approximately 17.56 acres and are currently located within the unincorporated County area and are bounded by Ide Street/County Road 13 on the north, Commerce Lane/County Road HH on the west, County Road 14 on the south, and I-5 and the Orland City Limits on the east. The APN, address, and acreage for each parcel is shown in **Table 1** below.

Utility Services:

Wastewater disposal and potable water on all four (4) of the privately owned parcels are currently provided via private potable water wells and septic systems. The City of Orland has municipal utility service lines providing potable water and wastewater disposal services in Commerce lane/County Road HH to the west. A wastewater disposal (sewer) line is located in a portion of County Road 14 and a City of Orland domestic water line is located in the portion of County Road 14 between Commerce Lane/County Road HH and Interstate 5. Both utility lines have adequate service capacity to provide service based upon the uses existing and the uses identified as permitted principal uses for the proposed zoning districts. It is noted that no requirement for connection is being made with this action and no connection to City utilities will be required or is being proposed. No connections to City utility services will be considered until a subsequent action by the landowner triggering a connection requirement is taken.

Storm water drainage is accommodated via on-site disposal on each parcel. A U.S. Bureau of Reclamation owned irrigation lateral canal operated by the Orland Unit Water Users Association is located underground along the southern portion of the existing right-of-way of Ide Street/County Road 13.

No specific project(s) is proposed on any of the parcels associated with this action at this time. All properties are proposed for annexation in their current capacity and are annexed based upon the current land uses in place at the time of this action.

Review Criteria:

LAFCo Annexation Criteria:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act) establishes procedures for local government changes of organization, including city incorporations, annexations to a city or special district, and city and special district consolidations. Local Agency Formation Commissions (LAFCO's) have numerous powers under the Act, but those of primary concern are the power to act on local agency boundary changes and to adopt spheres of influence for local agencies. Among the purposes of LAFCO's are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local agencies.

LAFCO's policies and procedures on incorporations include a list of criteria which LAFCO will use in evaluating boundaries. When considering an incorporation proposal, LAFCO is required to consider the following factors (Government Code §56668):

- The population, population density, and potential for growth.
- The need for organized community services, and effect on adequacy of services.
- The effect of the proposal on adjacent areas and local government structure.
- The conformity of the proposal with adopted LAFCo policies and priorities.
- The effect of the proposal on integrity of agricultural lands.
- The definiteness and certainty of the proposed physical boundaries.
- Consistency with county General Plan and specific plans.
- The sphere of influence of any affected local agency.
- The comments of any affected agency.
- The ability of the new city to provide services, including sufficiency of revenues.
- Timely availability of adequate water supplies.
- The extent to which the proposal helps achieve its allocation of regional housing needs.
- Comments from landowners.
- Any information relating to existing land use designations.

LAFCo may approve, approve with conditions, or disapprove the plan for incorporation based on its findings.

City of Orland Annexation Criteria:

The content, form, and processing requirements for Annexations within the City Limits are set forth in Orland Municipal Code (OMC) Title 1 *General Provisions*. OMC Section 1.08.010 states:

Annexation to the city will be processed pursuant to 56000 of the California Government Code. The application fee for annexation shall be in addition to all actual California State Board of Equalization fees, actual engineering costs, and actual Glenn County LAFCo fees.

Discussion:

The purpose of the proposed action is to comply with the conditions imposed by Glenn County LAFCO as a condition for a prior project site to be annexed into the City. This prior site is the site of the proposed and approved Orland Sunny Truck Wash and Service Center. As stated previously, the City proposes to annex six (6) parcels and prezone the four privately owned parcels with the *M-L- Limited Industrial* zoning district. No change in General Plan land use designation is proposed. **Attachment B** summarizes the principal permitted uses, administratively permitted uses, and conditionally permitted uses within the *M-L* zone as established in the City's Zoning Code.

As stated previously, no specific development is proposed with this action. Any and all future development will be required to undertake subsequent compliance analysis with the California Environmental Quality Act (CEQA) as applicable.

Prezoning:

Pursuant to OMC Section 17.12.060 and State law, annexation requires that area be prezoned prior to annexation approval. Prezoning is the act of assigning a City zoning designation to an unincorporated areas or parcel prior to its annexation. The prezoning action is subject to the requirements applicable to zoning in the city, including the requirement for consistency with the General Plan. City of Orland zoning shall become effective at the time that the annexation action becomes effective.

Table 2 below lists the current County and City General Plan and Zoning Designations of each parcel. The City proposes to prezone the parcel to "M-L" *Limited Industrial*. This designation would be consistent with the City of Orland's current General Plan Land Use Designation of "I-L/C" *Light Industrial/Commercial*.

APN	Current County General Plan Designation	Current County Zoning Designation	Current City General Plan Designation	Proposed City Zoning
045-170-013	Service Commercial	SC – Service Commercial Zone	I-L/C – Light Industrial/Commercial	M-L – Limited Industrial
045-170-014	Service Commercial	SC – Service Commercial Zone	I-L/C – Light Industrial/Commercial	M-L – Limited Industrial
045-170-015	Service Commercial	SC – Service Commercial Zone	I-L/C – Light Industrial/Commercial	M-L – Limited Industrial
045-170-016	Service Commercial	SC – Service Commercial Zone	I-L/C – Light Industrial/Commercial	M-L – Limited Industrial
045-170-017	Service Commercial	SC – Service Commercial Zone	None assigned	PF - Public Facility
040-131-005	Service Commercial	SC – Service Commercial Zone	None assigned	PF – Public Facility

Glenn County's General Plan states that the *Service Commercial* Designation is intended to be suitable for heavier commercial uses involving outdoor storage, display and work activity. The City of Orland General Plan states that the *Light Industrial/Commercial* (I-L/C) designation is intended to provide for a range of uses including processing, packaging, machinery, repair, fabricating, distribution, warehousing and storage, research and development, and similar uses

which omit limited amounts of smoke, noise, light, or pollutants. Attachment B lists the uses permitted within the City's Limited Industrial zone district.

Proposed City of Orland Zoning District:

The intent of the *M-L Limited Industrial* Zone is to apply to areas in which light manufacturing and heavy commercial uses of the non-nuisance type and large administrative facilities are the desirable predominant uses. Land use designations and uses on the adjacent parcels include:

Location	Current Use	Land Use Designation	Zoning Designation	
Project Site		I-L/C (Light Industrial/Commercial)	No zoning assigned	
North	Pilot/Flying J Truck Stop	C (Commercial)	C-H (Highway Service Commercial)	
South	Rural residential uses/Commercial Use	I-L/C (Light Industrial/Commercial)	No zoning assigned (outside city limits)	
East	Commercial uses, vacant	C (Commercial)	C-H (Highway Service Commercial) and C-2 (Community Commercial)	
West	Vacant/Single Family Residential/Sunny Truck Wash	C (Commercial)	C-2 (Community Commercial)	

Municipal Services:

As previously noted, domestic water for the uses within the territory is obtained from private wells and wastewater disposal is handled by septic systems. A City of Orland 10-inch potable waterline is currently located in County Road 14 and County Road HH adjacent to a portion of the annexation area. A City of Orland 10-inch sanitary sewer line is located in County Road HH and a portion of County Road 14 adjacent to portions of the annexation area. The parcels on which this action is proposed can be served by existing water and sewer lines located in the adjacent roadway rights-of-way, however, expansion of water and sewer onto and for each parcel would likely be necessary to serve potential future use(s). It is again noted that the extension of municipal (City of Orland) utilities to provide service to existing uses is not being proposed with this action.

Street Improvements:

Street improvements will be required of future projects consistent with the requirements for all new projects in the City. If no new development is proposed, no street improvements will be required. If a project is proposed in the future, street improvements consistent with City roadway standards will be required.

Environmental determination:

Staff recommends that the Planning Commission determine that the project is *exempt* from further review under the California Environmental Quality Act (CEQA) pursuant to Section 15305, *Minor Alterations to Land Use Limitations* as the affected parcels have slopes of less than twenty (20) percent, the action would not affect the existing land uses on the parcels and the potential impacts

of development have been previously considered by the City's certified Environmental Impact Report (EIR)(SCH#2008102073) prepared at the time of the adoption of the City's General Plan.

Planning Commission Action / Recommendations:

The Planning Commission held a noticed public hearing on this matter at a special meeting of the Planning Commission on Thursday, June 9, 2022 and is recommending that the City Council approve an Ordinance assigning City of Orland zoning (prezoning) to the parcels consisting of the *M-L*, *Limited Industrial* and *PF*, *Public Facilities* zoning designations consistent with the City of Orland General Plan/Zoning Compatibility table (Table 2-6), and, is recommending that the City Council approve a Resolution of Intent to annex the properties as herein described.

Attachments F and G to this staff report present both the Resolution of Intent to Annex Property (Attachment F) and the Ordinance assigning City of Orland Zoning to the parcels (Attachment G).

Recommendation:

The Planning Commission has recommended that the City Council consider and approve the proposed annexation and prezoning of six (6) parcels to the *M-L Limited Industrial and PF Public Facility* zoning districts, consistent with the existing *I-L/C Light Industrial/Commercial* General Plan land use designation. The Planning Commission recommends approval of the proposed prezoning to the City Council and adoption of the Resolution of Intention to Annex Property via CC Resolution #2022-__ and CC Ordinance #2022-__ (Attachments F & G).

Staff recommends the following process for the consideration of this matter:

- 1. Accept report by staff;
- 2. Open the public hearing and take public testimony;
- 3. Close the public hearing and initiate consideration of the project; and
- 4. Motion and vote.

If the City Council determines that it intends to approve the project as proposed and as described in this report, staff offers the following motion for the Council's consideration:

1. California Environmental Quality Act (CEQA):

Move that the City Council determine that the project is exempt from further review under the California Environmental Quality Act (CEQA) pursuant to Section 15305, Minor Alterations to Land Use Limitations as the affected parcels have slopes of less than twenty (20) percent, the action would not affect the existing land uses on the parcels and the potential impacts of development have been previously considered by the City's certified Environmental Impact Report (EIR) prepared at the time of the adoption of the City's General Plan.

2. Annexation:

Move that the City Council of the City of Orland hereby adopts Annexation Resolution ANX #2022-01, a Resolution of the City expressing the intention of the City Council to annex property into the City and directing staff to submit an application to the Glenn County Local Agency Formation Commission (LAFCO) for the purposes, as presented on **Attachment F**.

3. Pre-zoning:

Move that the City Council introduce by reading of title, and approve, Ordinance PZ #2022-___, an Ordinance of the City placing City of Orland zoning (prezoning) on the parcels to be annexed as describe herein and as presented on **Attachment G**.

CITY OF ORLAND

CITY COUNCIL AGENDA ITEM #: 7.B.

MEETING DATE: June 21, 2022

TO: Honorable Mayor and Council

FROM: Pete Carr, City Manager

SUBJECT: Represented and Unrepresented Employment Agreements, Salary Schedule

(Discussion/Action)

City staff will recommend Council approve a proposed negotiated labor agreement and a comprehensive salary schedule.

BACKGROUND

City Council has been engaged in recent months in negotiating updated Memoranda of Understanding with the City's three bargaining groups, all three agreements expiring June 30th. These are normally three-year agreements setting forth working conditions and compensation for covered employees. At the same time, three-year employment agreements for the Police Chief and Fire Chief also happen to be timely for renewal; the City Manager negotiates these agreements and presents the resulting documents to Council for approval.

In agreeing to compensation adjustments, the City considers the regional labor market, economic factors such as inflation, and the City's forecasted ability pay for adjustments.

The positions of unrepresented non-contractual employees are also considered for salary and benefit adjustment at this time. While the City has traditionally relied on the separate salary schedules published in each MOU, CalPERS requests the Council also approve schedules for employees not covered by bargaining agreements. Accordingly, City Hall prepared for Council review a comprehensive schedule showing actual contract compensation or compensation ranges for each year-round position funded for current staffing. It is intended that this new schedule will be updated annually.

DISCUSSION

The proposed Orland Police Officers Association (OPOA) MOU provides for annual increases in salary over the next three years of 6%, 5% and 4%, respectively. The Step 5 pay rate will be adjusted from its current 5% to 7% to encourage officer longevity. The City will begin paying a shift differential of \$0.75/hr for swing and night shifts. The updated MOU also provides 40 hours paid leave for immediate family bereavement, provides for reimbursement of fitness facility membership of 50% up to \$50/monthly, renames on existing holiday, and includes SB2 language requiring that sworn officers maintain POST eligibility.

The United Public Employees of California (UPEC) Local 792 Mid-managers Unit and the General Unit have engaged in bargaining but a final agreement to propose for Council approval has not yet

been reached. If one or both units come to agreement with the City negotiation team by Tuesday, June 21, Staff will bring this to Council attention that day for consideration of approval. Accordingly, the attached salary chart reflects OPOA and unrepresented employees for fiscal year 22-23 per the proposed MOU and agreements, but the UPEC employees are shown at current rates.

All employees are subject to a payroll correction to be imposed effective July 1 which will align base pay with stated salary schedule amounts. This will correct a longstanding payroll practice of adding the longevity incentive to base pay before applying new adjustments, which resulted in larger salaries than intended and stated in MOU's. The change affects 16 current employees.
